

# INTEXCOIN.IO

## INTEXCOIN (INTX) & DeDo (Desantralize donation) “a new economy, driven by the community”

The next generation economy based on the power of community  
With our blockchain-based trade-based projects, we are launching sustainable solutions to reduce inequality, hunger and poverty in the World.

**Intexcoin** is the main cryptocurrency of our entire Intexchain ecosystem. It is the main money and payment solution of our community. It was created on the base of ERC-20, on the Ethereum Blockchain mainnet.

Whitepaper

## intexpay

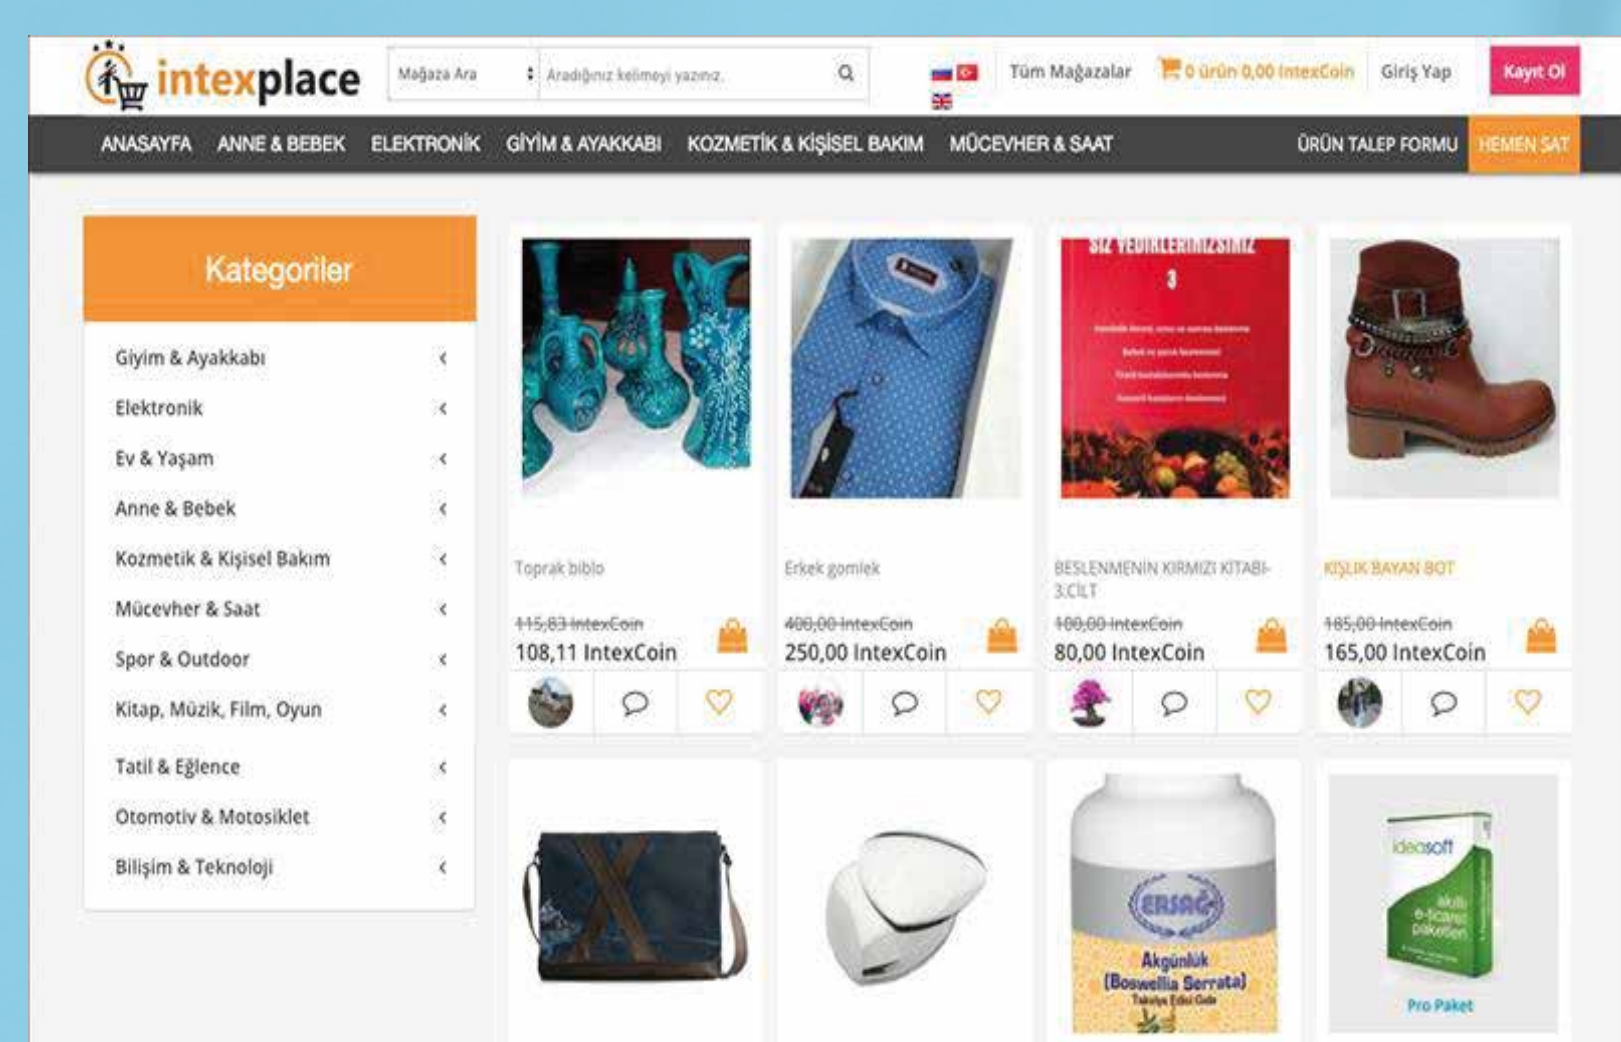

It is our multi-functional payment solution system. It will be a bridge to the aid pool as users will find merchants, and also traders will find new customers. We will start the process with Intexcoin and will add other cryptocurrencies over time. Please see the QR CODE for details.

### Acceptance Point

We are bringing the true function of cryptocurrency, with our merchants who will accept Intexcoin as the payment tool from all over the world. Thanks to our merchants and users, all commissions will turn into help. Please see the QR CODE for details.

Whitepaper  
Page-16

## intexplace

It is the E-commerce portal of our platform. It is the first trading platform where Intexcoin is used. It is our internet-based solution that enables safe trading, 24 hours a day in our ecosystem. It works just like alibaba, amazon and etc, 3rd parties will trade independently and confidently using our platform. All commissions here turns into aid to those in need. Please see QR CODE for details .

## intexcharity

It is our "life support" platform based on sustainability, which is the first trade-based platform in the world, which directly transfers all commissions raised from trade to aid those in need and where the donor also helps others. This platform where we will provide solutions to homeless people in the first place; It is a first in its field with its transparent and instant viewable and traceable structure. Please see the QR CODE for details
